MANNHEIM SCENE OF PEACE RIOTS

People Fear Allied Occupation Believing Treaty Will Not Be Signed.

MANNHEIM, May 23. (By the Associated Press.)—Alarmed by the belief that Germany will not sign the peace treaty and that the allies will occupy Mannheim, citizens became panic-stricken yesterday and stormed the municipal savings bank. Many persons have fled from Mannheim.

COUNCIL OF FOUR TAKES UP AUSTRIAN CLAUSES

PARIS, May 23. (By the Associated Press.)—The council of four met this morning and discussed the military terms and clauses relative to prisoners of war which will be incorporated in the treaty with Austria. Military experts attended the session.

The Chinese delegation to the peace conference, which has been in session since the signing of the armistice, has reached a decision to sign the treaty of peace with reservations relative to the treaty with Austria. It is said this will not affect the treaty as a whole and will preserve the rights of China.

Precedents are cited in which the United States senate has similarly attached reservations to treaties before ratifying them.

The American delegation to the peace conference is favorably inclined to a suggestion received in a letter from Hermann H. Kohlsaat, of Chicago, saying a movement was under consideration by which the treaty would adopt a resolution giving its interpretation of certain articles in the covenant of the league of nations. It is pointed out the effect of such a resolution would be to place on record the interpretation of the document upon which the senate could base ratification and at the same time leave the covenant effective as an international document.

Count von Brockdorff-Rantzau, accompanied by several of the German peace delegates, has again gone to Spa. He will consult with representatives of the German government there.

HAIL STORM STRIKES BLUE MOUNTAIN FIELDS

BLUE MOUNTAIN, Miss., May 23. (Sp.)—A severe hail storm has just swept east of Blue Mountain, Miss., covering the ground in places with stones of unusual proportions. Little damage was done to the growing fields, however, though the continued cold weather of the last few days has probably retarded the growth of the plants in both the field and gardens. Crops are comparatively clean, as a rule, and with favorable weather for the rest of the season the outlook for a good harvest is auspicious, in the opinion of experienced farmers.

Dark Horse Puts New Name Into Hippo Race

"Hay-pot" How does that name sound as a prospective title for the 100-pound baby hippo now fostered by the Overton park Zoo?

It is nearly "hippo," but has just enough variation to make it different. Hay-pot, named after the best good and strong Friday morning, when 100 votes were cast in a jump to start the name off in a lively betting the occasion. Hay-pot sprang into the limelight without any warning, and the 100 votes were all paid for and have been properly credited to the hippo fund.

While Mickey was in the lead Thursday, this name had to take second place, and it is now up to the supporters of this name, as well as that of Evergreen, which stands in third place, as well as others, to get busy and gather in the votes.

The contest will be brought to a close Sunday at midnight, and all votes to be counted will have to be in before that hour. Those that are in the main before midnight Sunday, although they are received Monday morning, will be counted.

While there has been little general change in the standing of the various names submitted, more new names have been tendered, but they were accompanied by only one vote, they will not be counted.

The standing Friday morning was in the following order: Hay-pot, Mickey, Evergreen, Peta, Dot, Daisy, Cleopatra, Puckey, Victory, Centenary, Victory Queen and Ivy, the last being submitted Friday morning with two votes.

Get busy among your friends, send in as many votes as you wish with the time for each-it all goes to buy new animals for the Zoo in honor of Miss Hippo—and submit your choice on the following blank:

I am inclosing 10 cents and wish to have the Zoo's baby hippo named.....

CELEBRATES DISCHARGE; IS RESCUED FROM MOB

After having served as a fighter with Uncle Sam's regulars for nearly two years in France, V. D. Hotchkiss, 30 years old, metal worker of 225 Pearl street, received his honorable discharge a few days ago, returning home. Meeting some old friends Thursday night, Hotchkiss celebrated the occasion by drinking something that was supposed to be liquor. It had been many months since he had tasted real whiskey.

Hotchkiss was arraigned in the police court Friday and was fined \$50 for disorderly conduct and \$25 for assault and battery. Hotchkiss told the court he did not remember a single event late Thursday night, although he had been the center of a mob of men bent on roughly handling him when Hulet Smith, chief of detectives, rescued him. Smith then was forced to battle with Hotchkiss.

Hotchkiss went to one of the dancing shows on the levee and got into a fight with several of the carnival people. He knocked down a man whose wife is the leading dancer of the outfit. The dancer rushed up to render first aid to her husband and Hotchkiss is alleged to have hit her in the face. The show people said her nose was broken in three places.

Then Hotchkiss was set upon by dozens of the showmen. He was first and last in the street being kicked and beaten when Chief Smith arrived. He was forced to draw his pistol to get to the victim. Hotchkiss appeared crazed and fought Smith until he was placed in a cell.

U. S. GETS MANY PLANES. WASHINGTON, May 23.—Since the armistice was signed 2,500 airplanes and more than 10,000 airplane engines have been delivered by American manufacturers, according to a report made public today. Of the engines 1,695 were Liberty type, and 5,209 Liberty engines, some type.

GIRL A PICTURE OF HEALTH NOW

Suffered for Years—After Taking Tanlac Looks Like Different Child.

"My little daughter, Jean, has gained ten pounds on Tanlac and now she's the very picture of health," said Jim Snell, well-known poultry and truck farmer of Raleigh, Tenn. "When Jean was only seven years old," continued Mr. Snell, "she was taken with something like nervous stomach trouble and there wasn't a day or night she didn't suffer until we got Tanlac for her. She was nervous, couldn't eat any kind of meat or vegetables. She complained of pains in her stomach all the time and would vomit up half-digested food. She was nervous and would vomit and roll all night, for she couldn't sleep well at all. She was bilious and her complexion was bad, and she looked pale and sickly all the time. We gave her most every kind of medicine she could think of, but nothing helped her."

"After hearing of some of the good work Tanlac was doing, we got some for Jean, and it has done wonders for her. She actually looks and acts like a different child at her own table. Why, she ate corn for dinner yesterday, and it was the first time in eight years she dared taste corn and she ate boiled bacon that's cooked with vegetables. She's not nervous nor bilious now, and sleeps like a baby, and we never hear anything out of her from the time she goes to bed until she gets up in the morning. Her skin has cleared up and her cheeks look fresh and rosy. You can just look at her and tell she's enjoying good health."

Tanlac is sold in Memphis by Warner Drug Co. and Weiss Pharmacy and all the leading druggists in practically every city, town and village in America.

EXPECT ANNOUNCING OF WHEAT PLANS JUNE 3

Speakers at the annual convention of grain dealers and millers this week at Oklahoma City stated that John H. Barnes, federal wheat director, was expected to announce about June 3 the government's plans for handling the wheat crop, according to local grain men who attended the convention.

From present crop conditions, the grain men anticipate a bumper crop, notwithstanding the fact that the acreage is much less than usual, owing to much of the out land having been planted to wheat this year.

B. Lowenstein & Bros

Confidentially
